It took three damn days for the mission man  
Heard he's comin' straight from hell  
With a fast track bleedin' and siren screamin'  
If you don't listen you could never tell

Three days dead and risin'  
Where you goin' now, I wish you well  
Three days dead and risin'  
With a half head full a dreams I could never sell

Let us prey  
Let us prey

Three days gone for the mission man  
Three days gone and risin'  
Three days gone hear the mission man say  
Time to get down to business

Let us prey

He walked in like the duke he was the mission man  
He had death leakin' from his eyes  
Machine gun bigger with his finger of the trigger  
Said it took me three days to rise

Three days dead and risin'  
I think these here are yours, I couldn't tell  
Three days dead and risin'  
Then he handed on back the dreams that he couldn't  
sell

Let us prey  
Let us prey

Three days gone for the mission man  
Three days gone and risin'  
Three days gone hear the mission man say  
Time to get down to business

Let us prey

Lord I got a bleeder it a fast track feeder

And it nailed me down tight for the rest of my life  
It's a double damn shot of what I need when I want it  
And it's givin' me redemption through the darkest of  
night

Lord I lost the lightenin' it was so damn frightenin'  
And it pulled me up close like I was losin' my life  
Was a double damn shot, knocked me down, yeah I got  
it  
And it givin' me some light through the rest of my life

Three days dead and risin'  
I think these here are yours, I couldn't tell  
Three days dead and risin'  
Then he handed on back the dreams that he couldn't  
sell

Let us prey  
Let us prey

Three days gone for the mission man  
Three days gone and risin'  
Three days gone hear the mission man  
Three days gone and risin'

Three days dead and risin', risin', risin', risin'  
Three days dead and risin', risin', risin', risin'  
Three days dead and risin', risin', risin', risin'  
Three days dead and risin', risin', risin', risin'  
Three days dead and risin', risin', risin', risin'  
Three days dead and risin', risin', risin', risin'
