Come, come, come alive,
Protect me from myself
Come, come satisfy
Will I ever tell
Touch me with your fire
Your everlasting glow
Lead me to your inner peace
That I only know

Stay, stay, stay alive
Take me from your shelf
Will you have to try
To keep me from myself
Cover me in secrets
Blanket me in hope
Give me faith, so I can too
Untie this holy rope

This is..... love

Will you come if I don't call
Help me if I fall
All about jst living
Deep inside your wall
Speak your sweet desire
With your devil breath
Lead me through your chaos
Before I am put to death

Will you be around
If I come unwound
Keep me in your inner
Sanctum of the bound
Feel my torrid blessing
Cast upon your cheek
Touch the hand that leads you
To eternal sleep

The damage to the under
World of light
A medal on the chest of right
A contradiction

A no one knows
Speak your mine, and go

Come, come come alive
Take me from your shelf
Never satisfied
I will never tell

The damage to the under
World of light
A scar upon the face of right
A contradiction
A no one knows
Speak your mine, and go
