Ow!

Violent indecision  
Surge of mass religion  
Let me out of prison  
I'm just killing time

Every time I turn around  
I start to hear familiar sound  
Waiting down as time stands still  
Yes I think it's time to kill

Time to kill  
Time to kill  
Time to kill  
Time to kill

All the mental anguish  
Speaks a common language  
I have yet to lavish  
A chance to walk away

And every time I turn around  
I start to hear a familiar sound  
Counting down as time stands still  
Yes, I think it's time to kill

Time to kill  
Time to kill  
Time to kill  
Time to kill  
(Whoa)

Unknowing, unseeing  
Revelations unfold before your eyes  
Relenting, repenting  
No time to think or compromise  
Time falling, time calling  
Into a void and seal the past  
As you're waiting, annihilating  
Making it real, making it last

Worn out compromises  
Inside out come noises  
See through all the lies  
We don't walk away

Every time we turn around  
Start to hear that familiar sound  
New beginnings time stands still  
Yes, I think it's time to kill

Time to kill  
Ow time to kill  
Time to kill  
Time to kill

Time to kill  
Ow!
