Send me all, you're tired, weak, you're hungry, sick,  
disgusted

My back is broke, flame is out, eyes and head are  
rusted

My arms are open wide, yeah

Under one nation

(Under one)

Under one God

(Under one)

Under one nation

(Under one)

Under one fog

(Oh!)

Send us all your criminal insane inflamed indignant

Your terminal infected hopeful, juvenile delinquents

My arms still open wide, yeah yeah yeah

Under one nation

(Under one)

Under one God

(Under one)

Under one nation

(Under one)

Under one, under one God

Flies are fucking on my face, I watch the maggots  
breed

Providing everything they want

Everything they need

My hands are tied, my hands are tied, tied hands set  
them free

My eyes stealed to your pain, call me liberty

Yeah, yeah

I am but a part of you, your daughters and your sons

Embrace my heart, my patience now, before it all is  
gone

Untie my hands, untie my hands, for blatant disregard

I see no color differences and remain always under

one God

Under one God

Under one

Under one

Under one
