I should turn my back on you  
You've turned around  
Come back to me  
Shaping the lines of truth  
For what you failed to do

Oh, you've told me  
Too many times  
Oh, you've told me  
Too many times

OOOH, If we could find some ground to stand on  
Worlds are slipping and moving separately

OOOH, If we could  
Find the road to walk on  
Or just take this time to ....  
Mend?

No tread  
No trace

Drawn these lines around us  
Were tripping on our shadows  
Answer's in the question's  
That I've asked of you

You've told you  
Too many times  
Oh, You've told you  
To many times

OOOH, If we could  
Find some ground to stand on  
Worlds are slipping and moving  
In separately

OOOH, If we could  
Find that road to walk on  
Or take this time to ....  
Mend?

I recall day's you were happy?  
Maybe you should .. let it .. go?

OOOH, If we could  
Find some ground to stand on  
Worlds are slipping moving ..

OOOH, If we could  
Find that road to walk on, Worlds are slipping moving ..  
seperatly

OOOH, If we could  
Find the road, or maybe we could, take our time?

If we could  
If we could  
If we could

Darkness all around me  
Into this path you showed me  
Why don't we just let it go?
