Did you wake up just to find your lost?
Drifting the haze ..?

Did you ever hear a warning soft?
Desolate ...
Desolate you strayed (so far away)

Jaded all that you adored

Then you'll see I'm not that far
From falling to your way's
In your need, I fell to you
To your darkest place

And in my need I look back on you
When you lost your faith

I'll keep you sheltered inside
Sheltered in time
I'll shelter you with grace

What you adored
Jaded, all that you adored
Desolate you strayed

From what you .. what you .. what you ..
What you adored

I'll keep you sheltered
I'll keep you sheltered
I'll keep you sheltered inside
I'll keep you sheltered (in time)
Sheltered in my grace
So far away
Jaded, all that you adored
Desolate, you strayed away
From what you adored
Jaded, all that you adored

What you adored .. what you adored .. what .. you ..
adored
