The Prisoner

I'm finally learning that I really never had it all  
But I really don't mind  
I'm all alone and my back is up against the wall  
And your wasting my time  
Like a victim in your web  
I saw the sign, it was my mistake  
I'm like a prisoner  
Who's guilty for the choices that he made

(Chorus)

I never had the chance to tell you  
When I'm right you see I'm wrong  
It makes me wonder  
It cannot be this way forever  
I fall asleep and make believe  
That I made you understand  
Made you understand

Without a warning it was over  
And I fell apart  
But I really don't mind  
I saw it coming  
And I knew right before the start  
I pretend to be blind  
You made me out to be the one who fooled around  
I had you to blame  
I'm glad I changed my mind  
I hope you never find a prisoner to take

Repeat Chorus

It's been like this for all these years  
My only wish is to disappear  
The curtain falls  
It's one last kiss  
Before I run away

Repeat Chorus
