to you all leaders of the human race
here we are we spit in your fuckin' face
and now to you all human sheep
you also will be buried deep

what's so far away is close at hand
we're four men and we're the fuckin' band

punishin' the world

we are ferocious
impetuous and wild
we are ferocious
impious and nasty

der wahnsinn
regiert unser herz
der wahnsinn
besiegt unseren schmerz

the bastards from hell are doin' so well

we're feeling no mercy at all
down on your knees and start to crawl

the bastards from hell are doin' so well

we will burn the world oh can't you feel the fire
and we will show you pain, 'cause pain is our desire

brutal, ugly and insane
fearin' neither death nor pain

punishin' the world

we are ferocious
impetuous and wild
we are ferocious
impious and nasty

the bastards from hell are doin' so well

we will burn the world oh can't you feel the fire
and we will show you pain, 'cause pain is our desire

wir lieben das leben
wir lieben die schmerzen
wir lieben es
Über den tod zu scherzen

fuck!
