I choke on my bitterness  
Because some things are better left unsaid

Hesitant is my instinctive venom  
Since I've stepped out of this light

I said I'm sorry  
The truth is I never was  
Begging to be indifferent  
I'll take you down with me

You're going down  
I'll take you down

Falling  
Scratching, tearing

Ripping, falling, melting  
Scratching, tearing, bleeding, feeding

I said I'm sorry  
The truth is I never am  
Begging for indifference  
I'll drag you down with me

You're going down  
I'll drag you down

A toxified embrace holds me up  
As my suicide increases  
And my life skids out of control  
Shouting back in my face

As I lose control of my hands and mind  
As I reach for my peace

I claw at my eyes  
Insensitivity looking away  
Just like a raped mother to her child  
I hate you just the same  
I hate you

And when patience wears thin  
Intentions watch hungrily transparent  
Anxious to feast on your devotion  
Anticipating that quenchless thirst
