Goodbye (This Is Not Goodbye)  
words and music: Linford Detweiler and Karin  
Bergquist  
recording: Films For Radio

help me tell the truth you see  
that's all i'm trying to do is  
tell the truth  
i'm not that shy  
this is not goodbye  
and later on i won't know how  
i don't know who else to be  
more and more i'm secretly just me  
open your eyes

help me tell the truth you see  
that's all i'm trying to do is  
tell the truth  
it's just in my head  
all i've left unsaid  
and later on it won't come out

i have seen the final curtain fall  
if i have to i'll surrender all

i'm always coming around too late  
too late

it's not too late
