Il Est Dans Mon Poche  
words and music: Bergquist  
recording: Patience

Here is my fortune  
here is my fame  
here is my future  
it's in my pocket

and if my fortune  
weren't only lint and small change  
wishing in one hand  
bird in another  
see which one will take me farthest from here

here is my hopelessness  
though i'm not helpless  
i need a window  
that i can climb through

just one small opening  
a little lantern to light my way  
discovering my hands  
catch at the altar  
i fall on my face as the words hit my ear

here is my fortune  
here is my fame  
here is my future  
it's in my pocket

il est dans mon poche
