

Over The Rhine "New Redemption Song"

Visit "[New Redemption Song](#)" on MotoLyrics.com

Lord, we need a new redemption song
Lord, we've tried, it just seems to come out wrong
Won't You help us please, help us just to sing along
A new redemption song, a new redemption song

Lord, we need a new redemption day
All our worries keep getting in the way
Won't You help us please, help us find the words to
pray
To bring redemption day, to bring redemption day

Lord, we need a new redemption song
Lord, we've tried, it just seems to come out wrong
Won't You help us please, help us just to sing along
A new redemption song, a new redemption song
