Once upon a winter
It seems so long ago
My one and only love and I
Fell down upon the snow

And as the dusk was falling
From our gray and goose down sky
We heard the old cathedral bells
Ring out our lullaby

Snow angel, snow angel
Someday I'm gonna fly
This cold and broken heart of mine
Will one day wave goodbye

Goodbye to this cruel wicked world
And all the tears I've cried
Snow angel, snow angel
I'll meet you in the sky

The rumors of a distant war
Called my true love's name
He packed his leather suitcase
And spoke no word of blame

We walked a while together
I tried to hide my fear
He told me not to be afraid
And whispered in my ear

Snow angel, snow angel
Someday I'm gonna fly
This cold and broken heart of mine
Will one day wave goodbye

Goodbye to this cruel wicked world
And all the tears I've cried
Snow angel, snow angel
I'll meet you in the sky

They brought my love home from the war
In a cart pulled by white mules

The Christmas bells rang out that day
Oblivious as fools

And as the snow began to fall
I kissed his frozen face
They told me in his woolen coat
His last few words were placed

Snow angel, snow angel
Someday I'm gonna fly
This cold and broken heart of mine
Will one day wave goodbye

Goodbye to this cruel wicked world
And all the tears I've cried
Snow angel, snow angel
I'll meet you in the sky
