I need a place where I can go
To hide my fears far from this world
But its easiest to forget
It makes us happy in the end
But I found some contentment
I've found some peace
Somehow I keep finding whats missing from me
And everythings changing just a little too fast
We're running in circles
Were living the past
I want you to say and I want you to feel everything I'm
going through
Its living in you
Yes everything
Going now
We live in a world full of lies
Can you hear them, can you hear our cries
But your blind, no not able to see
Put your hand in my hand and walk with me
Cause I've found some contentment
Ive found some peace
Somehow I keep finding whats missing from me
And everythings changing just a little too fast
Were running in circles
Were living the past
I want you to say and I want you to feel everything I'm
going through
Its living in you
Yes everything i'm going now
I am going now
I'm going
