Ohhhhh
The moon it covers up this night
Twinkle little star and shine your light on me
Shine your light on me
Youre in my day youre in my dreams
When I wake up I wish only for one thing
You here smiling back at me
Its thats soul my harmony
You bring to me

And you leave and you free me

And I look to fill this empty space
Give me your heart, give me your love
Give me your grace
Give me your grace

Its thats soul my harmony
You bring to me
And you leave and you free me
Its thats soul my harmony
You bring to me
And you leave and you free me

We cant live love everyday
For some of us its better that way
Yes for some of us
Its better that way

I will give my heart to you
My soul, my harmony too
I will leave
And I will free you
Yes Ill leave and Ill free you
And I will leave and Ill free you
