Call me, call me
Need me here to help you call my name.
Tease me honey.
Laying in the dark to come out and play.
Hold me till the whole room falls away.

Falls away
Falls away

(Bridge)

You've got our escape all mapped out.
I've got the getaway car, ah r
You are keeping me save if we go down.
No one will find us where we are, ah r

(Chorus 2x)

Every night until we see the sun.
We let the beat chase us around, chase us around.
But i'll doubt we'll never give it up.
Just to let the beat chase us around.

You're on, lets go furture.
Race me till the finish until we get caught.
You're gone, now it's over.
Not that you would stay until the morning starts.
Wake up to the beating of my heart.

Of my heart.
Of my heart.

(Bridge)

You've got our escape all mapped out.
I've got the getaway car, ah r
You are keeping me save if we go down.
No one will find us where we are, ah r

(Chorus 2x)

Every night until we see the sun.

We let the beat chase us around, chase us around.
But i'll doubt we'll never give it up.
Just to let the beat chase us around.

Chase us around
Chase us around
Chase us around
Chase us around

(Chorus 2x)

Every night until we see the sun.
We let the beat chase us around, chase us around.
But i'll doubt we'll never give it up.
Just to let the beat chase us around.

Chase us around
Chase us around
Chase us around
Chase us around
