Some days I hardly notice  
How good we have pretending down  
Some nights I barely catch  
The silence when no one is around

Its been so long  
Its been so long  
Don't act so well  
Tell me what I do wrong  
Say it loud  
So we can move on

Some days I hardly notice  
How fake we act to keep control  
Some nights I hardly sleep  
Plotting ways to keep you mad at me

Its been so long  
Its been so long  
Don't act so well  
Tell me all I do wrong  
Say it loud  
So we can move on

I'm tired, I'm tired of waking up, tired  
I'm tired, I'm tired of waking up by you  
I'm tired, I'm tired of waking up, tired  
I'm tired, I'm tired of waking up by you

Its been so long  
Its been so long  
Don't act so well  
Tell me all I do wrong  
Say it loud  
So we can move on
