### VERSE 1

Like my schoolboy who claims to be a poet  
But always scare to show off,so he claims to forget  
I sware  
I donâ€™t really mean to put u on blast  
But wait,donâ€™t u pen it down?dad shut up just let it  
be past  
We all talents  
Winds blow switches our net  
And wen dis rain pour,u expect it to make u feel wet  
Dis isnâ€™t clear,but if only u knew my past  
And take dis stair,den I sware u really donâ€™t wanna  
skip dis chance  
Dis is crazy,u see  
Its pain and u feel  
They made me talk about u like;itâ€™s a maniac script  
Now d question is;is dis why u look like a freak?  
But aint it lovely wen I donâ€™t even understand part  
of me  
Den d spray said am sick,star hit my fist  
I kip spinning.many hailed yeah! heâ€™s doing it big  
Tight jeans,neck blings and I aint running with feelings  
Den I Heard my boy screaming from the otherside  
Dis craziest shit  
There I go 4x  
We all superstar  
We all need to spark(donâ€™t try to put urself away)  
yeah  
As ur prescription,so I make u spark(unless u wanna  
turn dis splash)yeah  
Instead of resisting call,better insist on call(unless u  
wanna turn dis splash)yeah  
I feel strong to fix u like d missing card since u lost  
uhh(yeah yeah yeah)  
Find ur step back to industry (there I go  
Is it fantastic?there I go  
But dey say its lovely(there I go  
Even my boy scream(there I go  
Verse 2  
In his face,it is darkness  
Heâ€™s gonna attack me  
If I listen,den big dats wen u pop me

So I donâ€™t wanna listen just kip singing till I conquer  
it,dis space better remain static,its just lacking , I say  
;fuck it  
So cocky,for u to think;u come patch me  
But u just said listen cuz I speak so frankly  
I listened to ur cocktales,u can talk about dis t.t sorry,u  
cant Make me feel dis so just try and sell many copy  
I listened,is dis d best way u can treat me?  
Got me an alien hailing only to f\*\*k me  
But either words,when I cant take distress,so I just  
listen  
I listen listen listen listen listen listen listen  
Switch off ur faces  
Stuck dick to f\*\*k d spaces  
Cant u see ;all dis while I ll be acting so lately damn  
crazy  
So never miss d point we did the same thing  
And since am obsess,so I guess I kip doing dis shit  
So talk,but there u just stand screaching  
Amaze me,but there u just stand screaming  
And if am to go with u music,damn!i sware,u must  
impress me  
There I go 4x  
Chorus  
Music u want me  
Music u missed me  
U donâ€™t diss me like u want it  
And if I could be top 10 like u loosed in  
U shouldnâ€™t ave dissed me dis way;dis is one YEah  
Affection,  
I said addiction  
V.I.C.N In search like a mission  
But I donâ€™t paste,I just tinct like a tincture  
Unless u wanna make talk shit ;dis is one Yeah  
There I go 4x
