Round and round in a haze
Every night waiting for you
You run hot, then you're cold
But this game you play is getting old

Now it's time you learned
With fire you're gonna get burned
And my heart is stone
I'd rather be alone, all alone

Just turn and walk away
There ain't nothing you can ever say
Nothing you can do to make me stay
After all the love is gone, it's gone

I closed my eyes
Pretended there was nothing wrong
In my heart, in my soul
I remember every lie you told

Now I stand my ground
Never gonna turn around
And my heart is stone
I'd rather be alone, all alone

Just turn and walk away
There ain't nothing you can ever say
Nothing you can do to make me stay
After all the love is gone

You can beg me down on your knees
You can tell me that you'll never leave
After all the love is gone

I'm gonna close that door
Forget you're alive
Don't come around no more
I'm walking away

Now it's time you know
With fire you're gonna get burned
And my heart is stone

I'd rather be alone, all alone

Just turn and walk away
There ain't nothing you can ever say
Nothing you can do to make me stay
After all the love is gone, oh yeah

You can beg me down on your knees
You can tell me that you'll never leave
After all the love is gone, oh yeah

There ain't nothing you can ever say
Nothing you can do to make me stay
After all the love is gone
