Verse 3: Beelow

Bang bang, cock cock, I'm a watch you scatter or drop
Retaliation is a must you cross me of the top
Can't give a fuck about a nigga out there making a

Wanna bubble up you rep I say by putting salt in my
game
I represent like a taz
Make a sweep on your block
Put that infra on your chest and knock yo ass out of yo
socks
Over dosing on that doulja put my mind at easy
I got seventeen reasons to make yo bitch ass bleed
I'm still walking through that cemetery reading

Drop it like hot, and call me ghetto call me mercenary
Acting kind of scary when you looking down that barrel
