To the power, power of ten

You think you've got it, got it under control
The clock is ticking, almost time to roll
Anticipating every step of the way
A few more hours, it's the end of the day

I can almost taste it now
What I want and how
On the runway, gonna fly
And there's nothing that can stop me now

To the power, to the power of ten
There ain't no limit to the show that never ends
To the power, to the power again
We'll rock, we'll shoot for the stars

We'll get that feeling, it'll come tonight
The biggest party, ya, we'll do it right
We're gonna shake it, baby, all night long
We're gonna do it to our favorite song

I can almost taste it now
What I want and how
On the runway, gonna fly
And there's nothing that can stop me now

To the power, to the power of ten
There ain't no limit to the show that never ends
To the power, to the power again
We'll rock, we'll shoot for the stars, yeah

You know, I wanna be a rambler
I wanna be what I can be
I'll go along that open highway
I will, I will

To the power, to the power of ten
There ain't no limit to the show that never ends
To the power, to the power again
We'll rock, we'll shoot

To the power, to the power of ten
There ain't no limit to the show that never ends
To the power, to the power again
We'll rock, we'll shoot for the stars
