I look okay but I'm not myself, standing by the phone
Darling I've been wondering how I'm gonna let you go
You made me build you a perfect world, to keep you
satisfied
But now you're just a broken dream, and when I get
back my pride

You'll still be waiting for love
You'll still be waiting for the sun to rise
In the middle of the night
You'll still be waiting for love
I know you'll be waiting when that train passes by
You'll still be waiting for love

Like a dream there's a lucky feeling, coming from my
soul
Girl I guess I learned the truth
That you already know, oh, oh, oh
Took me a while to realize, it's a dark and lonely town
And you'll know where you'll find yourself
When the wall comes tumbling down

You'll still be waiting for love
You'll still be waiting for the sun to rise
In the middle of the night
You'll still be waiting for love
I know you'll be waiting when that train passes by
You'll still be waiting for love

You'll still be waiting for the sun to shine
In the middle of the night
You'll still be waiting for love
I know you'll be waiting when that train passes by
You'll still be waiting for love

I lost my heart, I lost my mind
But it really doesn't matter
I'm gonna leave my tears behind
And you'll still be waiting
You made me build you a perfect world
And I get back my pride

You'll still be waiting for love
You'll still be waiting for the sun to rise
In the middle of the night
You'll still be waiting for love
I know you'll be waiting when that train passes by
You'll still be waiting for love

You'll still be waiting for the sun to shine
Waiting for love
I know you'll be waiting when that train passes by
You'll still be waiting for love
Waiting for love
