Head in the sky, screaming Father please take me  
away  
I've never felt so afraid

We all hide in masks we can't remove  
Desperate lives bring desperate intentions  
With sceptic feelings, without compassion  
Uniforms and lives we can't portray  
We are defined by the hurt and all our crimes

Kings and queens wear crowns with thorns  
Blackened skies are what we have in store  
Won't you save yourself?

Burning down bridges falling apart  
My life is treason yours is forgot  
Burning down bridges falling apart  
My life is treason yours is forgot

We are the ones that live past the excuse of life and its  
flaws

We are surrounded by these broken dreams  
But, disambiguation is what we hold on to  
So speak to me with your heart and hopes

Kings and queens wear crowns with thorns  
Blackened skies are what we have in store  
Won't you save yourself?
