In this world of desire with lots of liars  
I hate my Aimless life

Tell me the reason , everyone's gone higher  
Left me way down in dust

And i keep doubting as they keep on spitting  
On my soul bound for hell

You people keep on believing, you're mighty  
Fu.k you when you hit the ground

At least I see everything  
The world is so complicated  
At least I know what pain is  
The world is so complicated  
Don't pretend

One day you're gonna open your eyes  
And you will realize  
That I have always keep it real, with demons  
everywhere  
Throw away your rose colored glasses  
Before you hit the ground

You people keep on believing, you're mighty  
Fuck you when you hit the ground

At least I see everything  
The world is so complicated  
At least I know what pain is  
The world is so complicated  
Don't pretend  
Don't pretend  
Cuz the world is so complicated  
At least I know what pain is  
The world is so complicated  
Don't pretend

No matter what you do, it's a bitter world  
No matter what you do, it's a bitter world  
No matter what you do, just don't pretend

No matter what you do

At least I see everything  
The world is so complicated  
At least I know what pain is  
The world is so complicated  
Don't pretend  
Don't pretend  
Cuz the world is so complicated  
At least I know what pain is  
The world is so complicated  
Don't pretend  
Don't pretend
