I've been waiting for this moment  
I've been waiting for this moment so long  
And I can't believe it's coming to me so soon (oh)  
And I know so many things will try to pull me down  
But there's no way that I could give in  
Because I'm moving on  
Getting stronger with you (oh)

It's a miracle how you came and just change my world  
(baby)  
More than physical this feeling is spiritual  
I found all I need in you, all I need in you  
When I hold you close I don't feel alone  
When I kiss your lips I don't feel alone no more (oh oh,  
no more)

It's amazing how you've changed  
It's amazing how you've changed my mind (hmm)  
Thought my dreams were in the dark til you came and  
brought back the light (ooh)  
And I knew right then that you were gonna lift me up to  
higher grounds  
Baby now I'm earth found  
Ain't nobody pull me down from you

It's a miracle how you came and just change my world  
(You changed my world)  
More than physical this feeling is spiritual  
I found all I need in you, all I need in you  
When I hold you close I don't feel alone  
When I kiss your lips I don't feel alone no more (oh oh,  
no more)

[K.One]

Yeah OK

Man it's funny how she keep me real  
Damn it's funny how she make me feel  
Like I don't wanna be alone no more  
Cos she the only thing I'm living for  
I'm oh so glad that I moved on  
Love the way you came along and put a tune on

Put me back when I was gonna fall off  
Stole my heart with a kiss and a song off  
Took away the top for a little daylight  
Dunno what it is but it's so tight  
And only she can make me see  
Her and me so right  
And I know you feel the same so it's all good  
To the moon and back yeah I would  
Move anything, prove anything  
Honey I got you, we can do anything

When I hold you close I don't feel alone  
When I kiss your lips I don't feel alone no more (oh oh,  
no more)  
(I don't feel alone baby)

When I hold your hand I don't feel alone  
Now that I'm your man I don't feel alone no more (oh oh  
no more)  
(See no more, oh whoa)  
(No more, baby)
