Let's go  
Oh, you wanna live, yeah  
Oh, live, live  
Yeah, yeah  
You wanna live, yeah

Yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah

The sun is dawning on a new day  
And nothing is gonna bring it down, down  
And life is heading into a new phase  
So party until you hit the ground, ground

Can't stop this feeling, no  
And we ain't going home  
Get out them records and dust them off 'cause we  
want it raw  
Laugh as we tip some more  
Girls on the dancefloor  
Don't care what hour it is  
When we own it because

[Chorus]  
It's the life, it's the life you wanna live  
It's the life, it's the life you wanna live, yeah  
It's the life, it's the life you wanna live  
It's the life, it's the life you wanna live, yeah

Oh, live, live  
You wanna live, yeah  
Oh, live, live  
Yeah, yeah  
You wanna live, yeah

The sun is dawning on a new day  
And nothing is gonna bring it down, down  
And life is heading into a new phase  
So party until you hit the ground, ground

Walk in there like a pro  
Get in and hit the show  
Call up the boys to meet in ten, we ready to roll  
Laugh as we tip some more  
Girls on the dancefloor  
Don't care what hour it is  
When we own it because

[Chorus]

It's the life, it's the life you wanna live  
It's the life, it's the life you wanna live, yeah  
It's the life, it's the life you wanna live  
It's the life, it's the life you wanna live, yeah

[Rap Solo]

If the world has got you down  
This the time to turn it round  
Ditch the bad and negative  
This the life you wanna live  
Life you wanna live  
Life you wanna live  
We need another round  
Hope you brought your brush and bucket  
We about to paint the town  
Fold your old life up  
And make a paper plane and let it fly  
Load your worries in a slingshot  
And just aim it at the sky  
Let 'er rip - that's what I did  
And life's better since  
You gotta case of the blues  
And I got that medicine  
Let's get it down

[Chorus]

It's the life, it's the life you wanna live  
It's the life, it's the life you wanna live, yeah  
It's the life, it's the life you wanna live  
It's the life, it's the life you wanna live, yeah

Oh, live, live  
You wanna live, yeah  
Oh, live, live  
Yeah, yeah  
You wanna live, yeah

The sun is dawning on a new day  
The sun is dawning on a new day
