[Chorus]

Yeah, yeah, yeah, yeah, yeah, yeah
If you're holding the one that you love
Why don't you say this with me
Yeah, yeah, yeah, yeah, yeah, yeah
If you're holding the one that you love
Why don't you say this with me

Can't believe that someone could love me as you do
And I know I've fallen off sometimes, but you continue
to
Be the one that would encourage me and hold me
when I'm down
So, baby girl, I want to tell you I'm your man for life

I'm done with playing games
I really want to be your forever
And I don't want to grow old without you
I'm done with all the pain
I really want to make it all better
So I'm gonna tell you everyday I love you, yeah

[Chorus]

Yeah, yeah, yeah, yeah, yeah, yeah
If you're holding the one that you love
Why don't you say this with me
Yeah, yeah, yeah, yeah, yeah, yeah
If you're holding the one that you love
Why don't you say this with me

My heart has known love and hurt before you came
But it feels so amazing that I found destiny
Everything you are and will become is a blessing
And I'm so proud of you because you're my whole life,
baby

I'm done with playing games
I really want to be your forever
And I don't want to grow old without you
I'm done with all the pain
I really want to make it all better

So I'm gonna tell you everyday I love you, yeah

[Chorus]

Yeah, yeah, yeah, yeah, yeah, yeah
If you're holding the one that you love
Why don't you say this with me
Yeah, yeah, yeah, yeah, yeah, yeah
If you're holding the one that you love
Why don't you say this with me

I'm willing to give you my all
No more taking you for granted, love
Every part of me has changed
I'm not who I used to be
There's too much of you that's good to tell
Going crazy like I'm under your spell
I am so ready for this
And all I wanna say is

[Chorus]

Yeah, yeah, yeah, yeah, yeah, yeah
If you're holding the one that you love
Why don't you say this with me
Yeah, yeah, yeah, yeah, yeah, yeah
If you're holding the one that you love
Why don't you say this with me

Why don't you say this with me
Why don't you say this with me
Why don't you say this with me
