[Chorus]

Never will I look both ways, you've got my attention
You got my summer days
Summer days, summer days, summer days
Summer days, summer days, oh
Now let me sing it like
Never will I look both ways, you've got my attention
You got my summer days
Summer days, summer days, summer days
Summer days, summer days, whoa

The night is young
And we ain't even begun
Just say it one time, it's done
There's nothing right now that I'd rather do
Wanna be with you
It feels so right
Just being with you tonight
And when you flirt with me, I like
There's nothing right now that I'd rather do
Wanna be with you

Oh, oh, all you want, I want, girl
Oh, oh, you're my desire
Oh, oh, you're driving me crazy
Oh, oh, just me and you, baby, yeah

[Chorus]

Never will I look both ways, you've got my attention
You got my summer days
Summer days, summer days, summer days
Summer days, summer days, oh
Never will I look both ways, you've got my attention
You got my summer days
Summer days, summer days, summer days
Summer days, summer days, whoa

Girl, don't fight
You've given me fuel to ignite
Your body is burning a black fire
There's no place now I'd rather be

Wanna have you with me
Don't let go
Let your feelings just flow
Moving on the dance floor
There's no place now I'd rather be
Wanna have you with me

Oh, oh, all you want, I want, girl
Oh, oh, you're my desire
Oh, oh, you're driving me crazy
Oh, oh, just me and you, baby, yeah

[Chorus]

Never will I look both ways, you've got my attention
You got my summer days
Summer days, summer days, summer days
Summer days, summer days, oh
Never will I look both ways, you've got my attention
You got my summer days
Summer days, summer days, summer days
Summer days, summer days, whoa

[Rap Solo]

Glad that the sun is out, summer bring the telling out
Chickens clucking everywhere and are fully developed
How to get 'em all without balling and use of aim too
Got my fingers crossed when I tell her I'mma be
faithful
Here's your chance to get with it, romance never
If we ain't under covers, my attention span is limited
Ain't in it for the long haul, just until the sun falls
No, I'm not a playa, but I just wanna f*ck her
Youngin's raw, but at least I'm being honest
Some pull at my door, how come, ay, they could never
lock Sid down
It'll be good to try your luck though
But you can be mine 'til the sun goes
Youngin smash it

And it's so much better
Me and you together
Baby, stay right by my side
I can get through any season
Without one more reason
'Cause I got you by my side
Now let me sing it like

[Chorus]

Never will I look both ways, you've got my attention
You got my summer days
Summer days, summer days, summer days

Summer days, summer days, oh
Never will I look both ways, you've got my attention
You got my summer days
Summer days, summer days, summer days
Summer days, summer days, whoa
