(Taboo!)
Lay Down
Let Me Let you in my mind
I'm a freak inside
I'm like fire,
Imma burn you out!(o-o-o-out)
Follow,
Follow me all the way home
Can't postpone
Take a breath.. let's get blown
(Taboo!)

You're already got a lover but it's all cool
We'll keep it undercover keep it old school
I'll rock you like no other
Forget the rules
I'll break every taboo,
Every taboo
The things I'm gonna do to you
You mama would disapprove
The things I'm gonna do with you
I'll break every taboo, every taboo

I'm not talking about being rough
Sometimes that just ain't enough
Can't lose it
Can't lose your mind mind (m-m-m-m-mind)
We can, we can treat it like a game
We can even change our names
I can be pleasure
You can be pain pain pain pain
(Taboo!)

You're already got a lover but it's all cool
I'll keep it undercover keep it old school
I'll rock you like no other
Forget the rules
I'll break every taboo,
Every taboo
The things I'm gonna do to you
You mama would disapprove
The things I'm gonna do with you

Iâ€™ll break every taboo, every taboo

You remind me of Rihanna
Alabama Slammer
Let me peel your clothes off
Like you are a banana
Gonna run this town
Gonna suck each
Other out
We gonâ€™ break a big taboo
Until it breaks down (break down x2)

Youâ€™re already got a lover but itâ€™s all cool
Iâ€™ll keep it undercover keep it old school
Iâ€™ll rock you like no other
Forget the rules
Iâ€™ll break every taboo,
Every taboo
The things Iâ€™m gonna do to you
You mama would disapprove
The things Iâ€™m gonna do with you
Iâ€™ll break every taboo, every taboo
(Taboo!)
