I'm just that young star seen on CCTV,  
makin Mama so damn proud.  
I can go for hours, but make this shit look easy.  
You should know what I'm about.

You're all mine, I'm selfish,  
let me see you work that pelvis.  
I'm a hound dog with good hair,  
you can call me Kunt Elvis!  
I'm hazy, can't see straight.  
I'm high off these 808s.  
& nothin gonna bring me down,  
'til they come take me away!

Welcome to the zoo, can you hear me?  
I said Welcome to the zoo!  
I wanna see you love like an animal,  
I'ma show you what to do!  
Welcome to the zoo  
(a little louder, a little louder, a little louder)  
Welcome to the zoo  
(a little louder, a little louder, a little louder)  
Welcome to the zoo

Faded, wavy, life gets a li'l crazy.  
'Til I'm on the floor, feed me.. Alcohol (scream)  
Wrap your legs around me, tight like you a python.  
I might let you wear my crown  
Baby feed my ego, let's fuck to one of my songs.  
You should know what I'm about.

You're all mine, I'm selfish,  
let me see you work that pelvis.  
I'm a hound dog with good hair,  
you can call me Kunt Elvis!  
I'm hazy, can't see straight.  
I'm high off these 808s.  
& nothin gonna bring me down,  
'til they come take me away!

Welcome to the zoo, can you hear me?

I said Welcome to the zoo!  
I wanna see you love like an animal,  
I'ma show you what to do!  
Welcome to the zoo  
(a little louder, a little louder, a little louder)  
Welcome to the zoo  
(a little louder, a little louder, a little louder)  
Welcome to the zoo

Vanessa :  
Wake up, you might see me, still a little drunk on TV  
Cause we reckless & we live free,  
since I been gettin those cheques from E!  
Feel me, I keep it goin til I can't breathe.  
Got my heart beating like a stampede.  
This is the side of me that you never see!  
Faded, lately, nights get a li'l crazy, it's just what we do
