â€¦If we could just be able to be stableâ€¦

I will lie to you, cause I can't confide in you,
So I'll hide the truth you don't deserve,
When your bitter words cut me right through,
Right in two!
And all this deception has become all of the reasons,
To run away! It's hard to face this reality!

And I'm just a shell of my former self,
I can't remember having felt so numb; Falling
down.
One by one; we build walls inside of us,
Dividing us. Real life's left us no place!
We can escape!

(Refrain 1)

Have we become so cold and unstable?
Watching this love unraveling!
Why have we gone so cold and unstable?
We're not able.)

With head in hand once again;
Struggling, we're codependent and shallow.
Are we just shadows?
So, I'll lie to you! It's easier.
You don't deserve to cut me in two.
Cut me away! Cut me away!

(Refrain 2)

~Till we become so cold and unstable!
Watching this love unraveling!
Why have we gone so cold and unstable?
We're not able with head in hand once again?
It'll never be the same!

(SOLO)

(Refrain 3)

Have we become so cold and unstable?
Watching this love unraveling.
Stop me becoming cold and unstable!

Weâ€™re not able! To be stable! No.
!Unstable is in your mind; just a peace of mind!
Unstable! Unstable!
