Do you know what love feels like?
Do you know what it feels like?
I can see you with me
I can see you with me
I can see you with me
Cause baby weâ€™re meant to be

Yes you have a girl but Iâ€™m gonna make you mine
So watch out boy itâ€™s just a matter of time

All this pretense has got to come to an end
Me and you thereâ€™s no way we can just be friends

Do you know what love feels like?
Do you know what it feels like?
I can see you with me
I can see you with me
I can see you with me
Cause baby weâ€™re meant to be

This is love and sometimes it gets so hard
I know you feel it boy just listen to your heart

All this pretense has got to come to an end
Me and you thereâ€™s no way we can just be friends

Do you know what love feels like?
Do you know what it feels like?
I can see you with me
I can see you with me
I can see you with me
Cause baby weâ€™re meant to be

Do you know what love feels like?
Do you know what it feels like?
I can see you with me
I can see you with me
I can see you with me
Cause baby weâ€™re meant to be

Do you know what love feels like?
Do you know what it feels like?

I can see you with me
I can see you with me
I can see you with me
Cause baby weâ€™re meant to be
