I usually let guys approach me first
But this obsession is only gonna get worse
Up against the wall like you don't have a care
My friends are tryna get me to walk over there
I'm too nervous I can't make myself
But I don't want you leaving with somebody else

O.M.G.
That guy the one right there
He's like so sexy
Get at me
You and I we should do some things

I've got butterflies in my stomach, I hate bugs
I can't understand why I'm attracted to you this much
It's not lust, it's so much more
I feel like I've seen you somewhere before
My sanity is being questioned
I'm doubting myself thinking that I'm less than

O.M.G.
That guy the one right there
He's like so sexy
Get at me
You and I we should do some things

O.M.G.
That guy the one right there
He's like so sexy
Get at me
You and I we should do some things

Don't think your coming home with me tonight
But I do wanna see you at least one more time
You and I, we should be friends
And if we hit it off, we should hang out again
Now this is where I would sing the last verse
But your so (yeah) I've run out of words

O.M.G.
That guy the one right there
He's like so sexy

Get at me
You and I we should do some things
