Deeper in the inside of my heart
I continued to cry in the darkness
By hand I search as I still find nothing
Everything has now been stolen
Leaving nothing behind
In despair, I'm tormented. Going Mad.

I embraced the black thread along with pain
Healing once again
Our final parting kiss
was bitter, just another exchange

I had a nightmare. Inside it
A promise was made
Only I can't forgive
You're nothing, just an invisible memory

Deeper in the inside of my heart
I continued to cry in the darkness
By hand I search as I still find nothing
Everything has now been stolen
Leaving nothing behind
In despair, I'm tormented. Going Mad, the black thread

Sinks, and I sigh as the bloodshed flows
My body continuing to creep along
Maybe nothing inside this dream can be trusted, but
simply hated

Along with the silent noise, nothing in this world can be
believe in.
Even hopes, too, are destroyed
Truth's are found as lost illusions
Just one only you continue to pursue

I embraced the black thread along with pain
Healing once again
Our final parting kiss
was bitter, just another exchange

I had a nightmare. Inside it
A promise was made

Only I can't forgive
You're nothing, just an invisible memory

Deeper in the inside of my heart
I continued to cry in the darkness
By hand I search as I still find nothing
Everything has now been stolen
Leaving nothing behind
In despair, I'm tormented. Going Mad, the black thread

Was plundered, that girl satisfied
As I, beneath the moon, sneer
Only I seemed happy
Unforgivable, that girl with being non-existent

Her chest held a beautiful, shining blade
Still hollow-eyed, she continues to pray
Hey, wait a bit longer
Because you stole my hate, my memories, feelings,
broke

Deeper in the inside of my heart
I continued to cry in the darkness
By hand I search as I still find nothing
Everything has now been stolen
Leaving nothing behind
In despair, I'm tormented. Going crazy

The black thread was dyed in a bright scarlet
and fell from a sad maze
Lamenting, screaming, but your voice can't reach
anyone anymore
The illusion you had dreams and wished to chase them
But I couldn't separate reality from fantasy, which led
to your demise

Now fresh blood flows from the thrust blade
From your crumbling body, something comes gushing
out
"Sorry.." you just cry as I understand
That inside of your truth because I noticed my breaking
mind

Deeper in the inside of my heart
I continued to cry in the darkness
By hand I search as I still find nothing
Everything has now been stolen
Leaving nothing behind
In despair, I'm tormented. Going Mad.

The black thread was dyed in bright scarlet

that fell from a sad maze
Lamenting, screaming, but your voice can't reach
anyone anymore
The illusion you had dreams and wished to chase them
But I couldn't separate reality from fantasy, which led
to your demise
