So many nights I lie await
Wondering what's it gonna take
To keep you happy and in love

I want you to understand
That I'm doing the best I can
And girl you should know I want you so

(Hook)
I just wanna make you happy
I just wanna see you smile
I just wanna make everything alright

Gonna give you the best of me
From now till eternity
Cause girl your so special to me

I don't know what else that I can do
To prove my love for you
I just wanna give my world to you

(Bridge)
Don't know what to do where to go
What to say
Don't know if your in love with me
Don't know if the sun will always shine our way
All I know, all I know
I can make you happy
I can make you smile
I can everything alright
