Hey girl, you know it's been a while since I've felt this
way about anyone and every since I saw you that first
day I've been meaning to tell you how I feel you but, it's
like, just listen

Every time I see you, you blow my mind
And I don't know what to say
If only I could tell you, how you make me feel
Then I would say it right away
That I

(Hook)
I feel like lovin you, lovin you
Wish that I could tell you
That I
I feel like lovin you, lovin you
Only if you knew

Your all that I think about, your all that I need
I never wanted anything more
Girl I'll give anything, to make you my everything
Your all that I'm hopin for

(Bridge)
If I could tell you how I feel
I'd prove my love is real for you
There's nothing that I rather do
But love you in a special way
I wanna spend my whole life with you
With you
