One love, two kids and a house on a hill  
Three cars, and yacht lived a life so unreal  
But fortune got the best of me see  
I forgot about the little things yes I did  
Most of all, I forgot about you  
And I don't wanna lose

(Hook)

I don't wanna lose you baby  
Though I know I treated you badly  
Girl I know I'm to blame for all this pain  
I know it's not enough to say sorry  
After all I put you through lately  
Now I just wanna love you the right way

See I was a fool to think, that you would always be here  
When I never seemed, to show you I care  
I took your love for granted and I acted very selfish  
When, I should have gave you all of me  
And I don't wanna lose

(Bridge)

See I know I was wrong to treat you the way I did  
I must have been losing my mind  
To never, ever tell you what you mean to me  
And to just let you walk out my life when I love ya  
I don't wanna lose you baby
