It's a quarter past midnight and I'm alone, sitting here
Longing for your company cause it's been awhile, since
you've been near
And I don't want nobody else no, I only want you for
myself yeah,
Cause I wanna feel the way I felt with you

Your love keeps calling me, and it's plain to see
That I want you girl as sure as the skies are blue
And it's no mystery we were meant to be
And all my love I wanna give to you

(Hook)

Just give me a moment to get close to you
Just give me a moment to show you
Just give me a moment to get to know you
Cause this could be the moment for love

Now baby lets get away to a quiet place, maybe
paradise
Cause I waited also very long to find some one like you
to fulfill my life
And I wont let you slip away, gonna love you each and
every day yeah
Listen to me when I say that I want you

Your love keeps calling me, and it's plain to see
That I want you girl as sure as the skies are blue
And it's no mystery we were meant to be
And all my love I wanna give to you

(Bridge)

Just give me a moment of your time to prove to you
How much I want you to be mine
All of my heart, and all of mine soul
I'll give to you
