"I Woke Up Today"

I woke up today and felt my age
For the first time in both my mind and body
And my thoughts are less of fitting in and more of
being a better man
And my overbite is getting worst and my whole fucking
face hurts

I woke up today with the whimper
Not the bang of a schoolboy or a father
And it seems those fifteen pounds I've lost since you
left
Were the part of me that you loved most and knew best

And I woke up today feeling my age
And the sum of everything I've ever done
And either I just got kicked in the teeth or time has
changed me
