Oh, I could just leave things  
A lot more easily than you'd think  
'Cause I've been known to retreat  
Every few years  
So what am I waiting for  
Oh, it's sad  
Oh, I know  
Then youngness of my young man shows  
So please accept my apology  
And wait with me  
Oh, I could just die now  
And no one would really have to find out  
'Cause I've been lying down for years  
So what am I waiting for  
Oh, it's sad  
I see another man who I wanna be  
Sympathy, honesty  
God knows I'm trying  
Sympathy and honesty  
God knows I'm trying  
Sympathy, honesty  
God knows I'm trying  
Sympathy and honesty  
God knows I'm trying  
Sympathy, honesty  
God knows I'm trying
