Don't take what I say to bed with you  
And don't get used to that which I do  
You'll only feel used in the end

Don't weigh in your heavy head  
Those words that I haven't said  
Don't confuse that which I don't do  
With what will be done in time

You've gotta wise up  
For Christ's sake take care of yourself  
'Cause a dirty boy don't make clean breaks

Oh, Sarah, if there's something  
That you want from me  
Just ask, you might receive

I'm gonna take some time  
Sift through this conflicted night  
Figure out why I can't sleep

Oh, my greed [Incomprehensible] and my guilt  
Have surely gotten the best out of me

You've gotta wise up  
Get out of this mess while you can  
'Cause a dirty boy like me don't fight clean

Oh, Sarah, if there's something  
That you want to do with me  
Just ask, 'cause I'm up for anything
