Music is what we like to play
All day all day all day all day all day
To soothe your soul
Down at the beach or a party in town
Making love or just riding around
To soothe your mind
Down at the beach or a party in town
Making love or just riding around
Lets have a picnic go to the park
Rolling round till long after dark
Down at the beach or a party in town
Making love or just riding around
Lets have a picnic go to the park
Rolling round till long after dark
Down at the beach or a party in town
Making love or just riding around
Best of war cd -lyrics all day music
Lets have a picnic go to the park
Rolling in the grass till long after dark
Down at the beach
