I'm a bad boy,
looking for a bad girl,
Na I ant found her yet,
but I am still looking for my bad girl,
MS aka hot,
aka rock girl,
aka Got it girl
what da she goes,
I can't believe it,
they way she moves
her body steaming,
she leans over
says come dance all night with me
she whispers to me tonight I just want to be free
I tell her you don't
have to worry tonight,
you don't have to worry tonight,

Hook
Cause she's on fire
She's on fire
and I'm her lighter, lighter, lighter
and we just want to dance, dance, dance, dance,
dance
we just want to dance, dance, dance, dance, dance

There she goes
ms bad girl up on the dance floor
she say when were done
she wants to take me home
I say girl that's cool
but I an't got know gas though
no petro ,tro
she whispers to me tonight I just want to be free
I tell her you don't
have to worry tonight,
you don't have to worry tonight,

Hook
Cause she's on fire
She's on fire
and I'm her lighter, lighter, lighter

and we just want to dance, dance, dance, dance,
dance
Cause she's on fire
She's on fire
and I'm in her lighter, lighter, lighter
and we just want to dance, dance, dance, dance,
dance
we just want to dance, dance, dance
we just want to dance, dance, dance

BRDG:

She's so hot, she's so hot, she's so hot,
she's, so HOT,
She's so addicting
There she goes
Moving here body so sexual
She just wants to dance and never let me go
I just say relax and
Let me take control
She's so hot, she's so hot, she's so hot,
she's so hot, she's so hot,
She's so addicting
She's so hot, she's so hot, she's so hot,
she's so hot, she's so hot,
I'm so addicting
