Summer time made me fall in love with you again
Are days, that cold nights
Your brutish chill, your accent trill
Iâ€™m sick of your beliefs
Time for us to grow up

Uh, Uh, Oh are they for more than this
Youâ€™re in my way

A sharp decline of passionate lust
Tells all there is to tell
Spirits can endure the night
And sooner or later, weâ€™ll fall out of love
And what do we do then
Just suck it up and work it out

Uh, Uh, Oh are they for more than this
(You are) Uh 7x
Youâ€™re in my way (you are 8x)

I need to be in love with someone else
More sexual than you
A kindred heartâ€™s just not good enough
I know this is cruel but cruelty is a part of what we are
So might as well draw swords there

Uh, Uh, Oh are they for more than this
(You are) Uh 15x
Youâ€™re in my way (you are 8x)
