I can't control myself
even if i'm trying
it seems i veer of

You know about my feelings
as you grab my brain
the android you move

I wanna feel,wanna breath,wanna steal,
wanna fly,wanna still,wanna be a real

To love when i'm a lover..
to die when i've

I wanna kiss,wanna feel,wanna touch,
wanna veer,wanna still,wanna be a free

The plastic that you're using
take it off

White everything i hear
cold what i can taste
but warm what i can hope

I can't control myself
even if i'm trying
the android you move

I wanna feel,wanna breath,wanna steal,
wanna star,wanna fly,wanna be a real

To love when i'm a lover..
to die when i've

I wanna kiss,wanna touch,wanna steal,
wanna shout,wanna run,wanna be a real

The plastic that you're using
take it off
