Come on let me hold you
I wanna know if you feeling me right

Come on let them touch you
don't be afraid of a drag queen in the night

Well now don't be sorry
you accepted everything they taught you for wrong

You're clean don't you worry
you can wear as many dresses as you want

They told me they told you
in the end we will pray
For the sin of diversity
we're going to pay
They kicked me they joked you
but we never collapse
You're lusting for life
I'm lusting for love

For the shake of uniqueness
for your shake shout out loud
I'm lusting for life
I'm lusting for love

Smart but so scary
The lights are closed and it's dark in the room

Do as you want
Bring the light or stay blind in the grove

Refuse, try, accept it
you came through pain to end in yourself

You're clean don't you worry
you can wear as many shirts as you want

They told me they told you
in the end we will pray
For the sin of diversity
we're going to pay

They kicked me they joked you
but we never collapse
You're lusting for life
I'm lusting for love

For the shake of uniqueness
for your shake shout out loud
I'm lusting for life
I'm lusting for love
