Hey, girl, hey, let's fly away, Oh.  
To the day where you and me  
See the bright and shiny rays  
The sunny beams of light.  
Needless to say, the world is ours;  
We got the cash, we got the cars.  
Our destination is the stars,  
And no, we won't stop there because  
You give, you give, you give, and never take,  
And you know it won't be long until you break.  
So learn to be the one you wanna be  
and take it slow.  
Because I've got too much  
on my mind, too much to  
bear, but that's the way  
the gauntlet's made; You sink or swim.  
This time together, this time with you, I'll make you a  
promise  
That I won't regret a second of it, not one tiny moment.  
Because a tiny moment with you is a moment I spent  
perfectly.  
You tell me "Hey, boy, hey, let's run away", and  
Be it may, I gotta' say,  
I've finally fought and found a way  
To stand here on my own.  
Let's take a minute, I gotta' see  
What this world's like with you by me.  
Our shackles dropped and now we're free, but  
Pray, let it stop there... Because  
You take, you take, you take for the fun.  
If you settle with a walk; you'll never run.  
Your fantasy's reality,  
but take it slow.  
Because I've got too much  
on my mind, too much to  
bear, but that's the way  
it's gonna be, and I'll make it through.  
This time together, this time with you. I'll make you a  
promise  
That I won't regret a second of it, not one tiny moment.  
Because a tiny moment with you is a moment I've spent  
in

Hell if I gotta be the one they've always wanted me to  
be, and I  
Try so hard to make damn sure that I'm still alive, and I  
sing.  
This time together, this time with you, I'll make you a  
promise  
That I won't regret a second of it, not one tiny moment.  
Because a tiny moment with you is a moment I spent  
perfectly.
