Dear Diary
I'm young
But I've had my share of fun
And this girl
The one
She shows me how its done

To live my life
And never stop
Live it till the end
So take my hand
Lets paint this town
In a world of make pretend

Now i stand reflecting truth
All i think about is you
Staring back at me ain't someone that i used to be
Cus you took, my hand
Snd showed me a new season
Dropping everything I followed you with every reason

So wont
You say
A word or two to tell me that you've always felt this way
And ill hold
My breath
Hold my breath until we meet again

So close your eyes hold you breath for a second
Be careful what your speaking cus your tongue is a
weapon
I'm singing close your eyes hold your breath for a
second
Girl....

Chorus Repeat

These are the words coming straight from the start
The beat of the drums is like a pulse in my heart
I can be the rhythm if you let me play the part
And we can write a melody in bedsheet dark

I'll be there for you
(if you want me too)

Repeats

When you need somebody to loveâ€¦.
