Mentally corrupted mother fucking gangsters
(gangsters)
From the valley side (valley side rider gang)
Manic, bitches, oowee!

Chrous (2x):
You can't fuck with this! (Manic, manic)
I'll make you rest in piss! (Manic, manic)
There's something wrong with this!
(Manic, manic, manic, manic, manic)

Now guess whose back? (whose back?)
Manic on track!
Still lowriding with ounces in the dash
and bitches in the back!
Fully strapped with silenced gats, grenades packed,
coming from the land filled with gangs but nothing can
stop me,
so follow as I bang!
Take you through these streets and show you how the
fuck
we make our cheese, show you dead bodies in sheets!
Tattoos from the face to the sleeves!
This is what we call living,
south bounded and loud with a blue rag hanging!
I'm the the fucking pimp of all pimps and the g of all
g's,
hustling by flowing bars to countless beats!
I've been a villain to the scene since elementary,
without giving a fuck! ... so bury me a g!
I'm now 20 and strong with no holes in the arm,
and carrying on the legacy of my dogs!
Keeping ??? until my all of my problems are solved,
or until the alarm goes off ... but until then ...
you can't spot any flaws!

Chrous (2x):
You can't fuck with this! (Manic, manic)
I'll make you rest in piss! (Manic, manic)
There's something wrong with this!
(Manic, manic, manic, manic, manic)

5 years back I was known as that bg,
and 5 years back I rained on you pee wee's!
5 years past fast and now I'm rated r,
survived these streets while a ???,
consider me the og who never backs down from fools
acting hard!
I pill caps while banging with scars!
Life's too short homie, roll up that sticky oowee!
And get blown for surenos of that 1 3!
All you fools know I'm well known in these streets
(that's right!)
And all you fools know I'm well known for banging that
heat!
Shoot any mother fucker disrespecting my g's!
You'll get fucked up and tossed in sea's!
Still, nobody does it hot like me!
Still, nobody throws up that ??? like me!
Still, nobody supports the homies locked me!
It's The Manic with caps on the dub and the z!

Chrous (2x):

Life's too short, cross that line and get smoked!
Life's too short, cross that line and get smoked!
Life's too short, cross that line and get smoked!
(Get smoked! get smoked! get smoked! what?)

Life's too short, cross that line and get smoked!
Life's too short, cross that line and get smoked!
Life's too short, cross that line and get smoked!
(Get smoked! get smoked! get smoked! what?)
