Keep your head up  
Don't fall to your knees

Don't you forget, you're on a mission to succeed.  
This is your fate, this is your destiny  
Your troubles will be blown away from where you stand.

Stand your ground and hold on, for the breakthrough.

Keep your head on your shoulders  
Run out wild like you don't care

Crooked moments and shady slants will be the death  
of you,  
Your peacefulness can make a stand

Don't fall down, down on me  
I want you to show me how you see  
But believe me cos I am already dead,  
You learn mistakes from ones you wouldn't admit so  
Show me hope

Hope to learn, hope to fly  
Don't make decisions for the past

Hope to learn, hope to fly  
Shit decisions only make you see more  
Shit.

Hope is the future.  
And the past is just bullshit.  
Just bullshit  
Plain bullshit

Hope is the future.  
And the past is just bullshit.  
Just bullshit  
Plain bullshit

Hope is the future  
The past is bullshit

Keep your head on your shoulders  
Run out wild like you don't care

Like you don't care

So Don't fall down, down on me  
I want you to show me how you see  
But believe me 'cause I am already dead,  
You learn mistakes from ones you wouldn't admit so  
Show me hope

Woahhh woah woah (we'll keep on screaming)  
Woahhh woah woah  
Show me hope
